92nd YEAR, No. 17

FIFTEEN CENTS

## Downtown mall to be built

SEVEN STORES, SIMILAR TO THESE in the architect's drawing, will be part of the downtown mall planned by Ray Scarpelli and John Teresi. The mall also will include the Little Gallery on Main St., and King's Drugs, which is moving into the former Antioch Carpet

Store on Main St. The stores above will be built behind and east of Barnstables department store. They will face south, toward Park Ave., just east of Main St. (Another picture on page 5.)

## Teresi, Scarpelli plan 9 stores in near future

One of the most interesting developments to hit downtown Antioch in many years is being planned by John Teresi and Ray Scarpelli, owners of Teresi Chevrolet-Oldsmobile.

They are planning a shopping mall which will include nine stores.

The first to open, and the largest, will be King's Rexall Pharmacy, now located at 400 Lake St.

Jim Pisano and Wayne Vivirito, owners of King's Drugs, will move a block south to 939 Main St., at the intersection of Lake and Main.

"We hope to be opening the doors about Monday, Nov. 14, if things go as planned," Vivirito said.

THE REST OF THE new mall will include the Little Gallery card and gift shop at 943 Main St. and seven new stores east of the back of Barnstables department store.

Scarpelli and Teresi have purchased the building that houses the Little Gallery and the new location of King's Drugs. They also have purchased the land on which the seven new stores will be built, plus space for a 40-car lighted parking lot on Park Ave., east of Main St.

As owners and developers of the mall, Scarpelli and Teresi have obtained a building permit from the village and said that the electrical work, heating and air conditioning already is finished.

They hope to have the seven new stores completed by the end of January. They will be connected by a 6-foot canopied walkway which will lead into the rear of the Little Gallery and King's Drugs.

EACH OF THE NEW stores will offer between 1,000 and 1,200 square feet of space, said Teresi and Scarpelli. "We're spending our money in Antioch," Teresi

emphasized.

Pisano and Vivirito said their new drug store will be

THE SELECTION of the Lake County Unit of the American Cancer Society as first place winner in Illinois was announced in Chicago at the annual meeting of the society's Illinois Division. In attendance from Lake County as delegate members

were (from left): Unit Board Chairman, Lacy R. Overby, Abbott Lab.; Mrs. Charleton E. Dangremond, Lincolnshire; Mrs. Margaret Harris, R.N., Waukegan, and Mrs. William Brook, Antioch.

## Mike Haviland said it: Woodstock by 32 points

The winner of last week's Antioch News football contest was perfectly accurate ... Mike Haviland predicted Woodstock would beat Antioch by 32 points.

The score was 34-2.

So, Mike wins a \$15 gift certificate from BJ's Fashions for Men or BJ's Closet, plus \$15 in cash from Bob's Septic and Cement Service.

His prizes will be in the mail soon.

SECOND PLACE WAS a tie between Julie Mowen and Gary Volling, each forecasting a 31 point win for Woodstock.

Julie came closest in the tie-breaker, the Chicago Bears game, so she will receive second prize; a \$10 gift certificate at Rittenhouse & Embree Lumber Co.

For third place, Gary will be mailed a \$5 gift certificate from King's Drugs.

MIKE K. ANDERSON WAS only two points off, picking Woodstock by 30, and Bobbe Mowen was equally psychic, forecasting a 34 point win for those "villains."

Others who came close were Charles W. Hameau and Beth Dubek, who predicted Woodstock would win by 35 points, and Dick Petersen, John Silianoff, Randy Mowen and Mark Stewart, who said it would be Woodstock by 28.

INCIDENTALLY, A FEW of the faithful picked Antioch to win.

For example, we received an entry from Marilyn Sterbenz, village clerk, which said Antioch would win by 11.

Marilyn never, ever picks anyone to beat Antioch. But, if we have our dates right, she was in London when the entry was made out. So one of her friends at the village hall must have sent in her customary entry. (It looks like Shirley Gutowski's handwriting.)

DON'T MISS this week's football contest in today's Antioch News.

Wait till you see all the prizes we're offering!

## County Cancer Society holds victory dinner

The president of the Exchange National Bank of Chicago, Phillip Lewin, has been elected board chairman of the Illinois Division of the American Cancer Society.

He was the guest speaker at the annual meeting and "Crusade Victory Dinner" of the Lake County Unit of the American Cancer Society, in honor of the unit's fourth consecutive first place trophy from the state of Illinois.

Dr. Lacy R. Overby, chairman of the Lake County Unit board of directors, said:

"We are proud to be at the top of the 126 Illinois units, and I gratefully accept this distinction on behalf of those who are directly responsible for this achievement - the cancer volunteers of Lake County."

## Happenings

### Why Halloween is really scary

Halloween is an appropriate time of the year to remind parents that they should get this message across to their youngsters:

"Don't accept rides from strangers, or gifts or candy or money."

We aren't talking about well-conducted "Trick or Treat" fun ... we're talking about "strangers."

There have been recent reports nationwide and locally (especially in the Lake Shangri-La area across the state line, we hear) of youngsters walking home from school or other activities and being bothered by men in cars.

POLICE DEPARTMENTS stress that it is up to the parents to warn their children to be wary of such incidents.

Also, if such a thing should happen, the police want to be contacted immediately. The sooner you call the police, the better are their chances of apprehending the suspect.

It's a very sad subject but, unfortunately, it's one we can't ignore.

Especially at Halloween, it seems, kids out having fun are the targets of twisted minds.

## THE TOWN CRIER

THE GOVERNMENT DOESN'T always win over the people.

The federal government is giving in and next year the Veterans Day holiday will be observed on Nov. 11, nationwide, as it should be.

The federal government, again this year, declared last Monday as the official holiday, but the state of Illinois held out for Nov. 11. All federal offices, courts and the post office were closed, causing another pain in the neck.

State, county and city offices will close Nov. 11, as well as all Lake County schools, we hear.

Illinois and 45 other states have refused to accept the federal effort to provide a three-day weekend and has kept the traditional Nov. 11 date, which marks the end of World War I.

If we didn't fight for our traditions, the federal government probably would want us to celebrate Christmas on Monday, Dec. 19.

The wheel was man's greatest invention until he got behind it.

#### Pet Foods Help Economy

Surprisingly, the estimated 41 million dogs and 23 million cats owned by American families might actually be helping the nation conserve some of its natural resources.

DOG AND CAT FOODS represent an economical use of nutritional by-products.

That's because much of the manufactured pet food they eat utilizes meat by-products, grain and grain by-products that people don't eat. A survey by the Pet Food Institute shows that approximately 2.2 billion pounds of meat, poultry, and seafood by-products, and 2.5 million pounds of feed grains and grain by-products were used in pet foods in a recent year.

Without pet food purchases, the loss to the meat, poultry and seafood processing industry would be in the range of \$200 million. The by-products would in most cases be sold to rendering plants at prices far below their value as pet food ingredients.

As processed for commercial pet foods, these by-products and feed grains are all fine, nutritious products for dog and cat nutrition. But they do not come out of the supply for human consumption.

Many experts on the economy believe that this usage of agricultural by-products is part of an efficient farm production system.

### 50 YEARS AGO: OCTOBER 27, 1927

Mrs. Edith McCammon, who gives her address as Antioch is endeavoring, through the agency of the Runyard and Behenna law firm of Waukegan, to locate property left her by her husband at a village known to her through his statements as Hannibal, Indiana. Thus far all knowledge of the place seems to have evaded the Post Office department which states that there is no such postal listing. Nor is the town to be found on any map.

Mrs. McCammon also states that her husband was known as Will McIntire. Besides the Indiana farm she told attorneys that her husband also left a farm in Michigan valued in the neighborhood of \$40,000. She stated that she has been married to McCammon about two years prior to his death but failed to recall the name of the city in which the wedding took place and has no written record of the contract.

Alford H. Pouse, former state's attorney of McHenry county, wanted by the United State's secret service and the county of McHenry for his part in the giant booze ring scandal recently uncovered in that county, was arrested last week in Chicago.

Mrs. Archie Mapletorpe and sons, Jimmy and Buddy, have all been sick this week, the two boys with pneumonia and Mrs. Mapletorpe with a serious cold. All are reported improving today.

Fred Lindstrom, third baseman for the New York Giants, and his brother, Charles, of Chicago, are here this week for a short stay at their summer home at Channel Lake.

### 20 YEARS AGO: OCTOBER 24, 1957

The Asian flu or whatever the kindred disease is, hit Antioch Township High School hard this week. Approximately 30 percent of the students were absent from their classes Tuesday.

Badly crippled by flu, the Antioch Sequoits will take the field nevertheless against Lake Forest here at 8:30 p.m. Saturday. It will be the last home game, the season ending next week with Antioch at Grayslake.

Unable to practice because of rain, and with 10 men off the squad through illness, the picture was dark yesterday for the Sequoits. Coach Robert Walther is having to move sophomores up to fill the breeches, and they will remain there the rest of the season.

William Hockbarth, meat market manager at the Jewel Food store in Antioch is shown giving Mrs. Warren Polley, 998 Osmond St., Antioch, a certificate good for \$100 in merchandise at a Chicago store, while at the right, Oliver Lundell, grocery manager at Jewel is shown giving Mrs. Fred C. Miller, RFD 2, Kenosha, Wis. a certificate for the same amount. Both participated in a contest stating why they prefer Jewel meats.

### 10 YEARS AGO: OCTOBER 26, 1967

The Antioch High School board is exploring the question of the size of the addition needed there. The present enrollment is 1,064, the school's capacity.

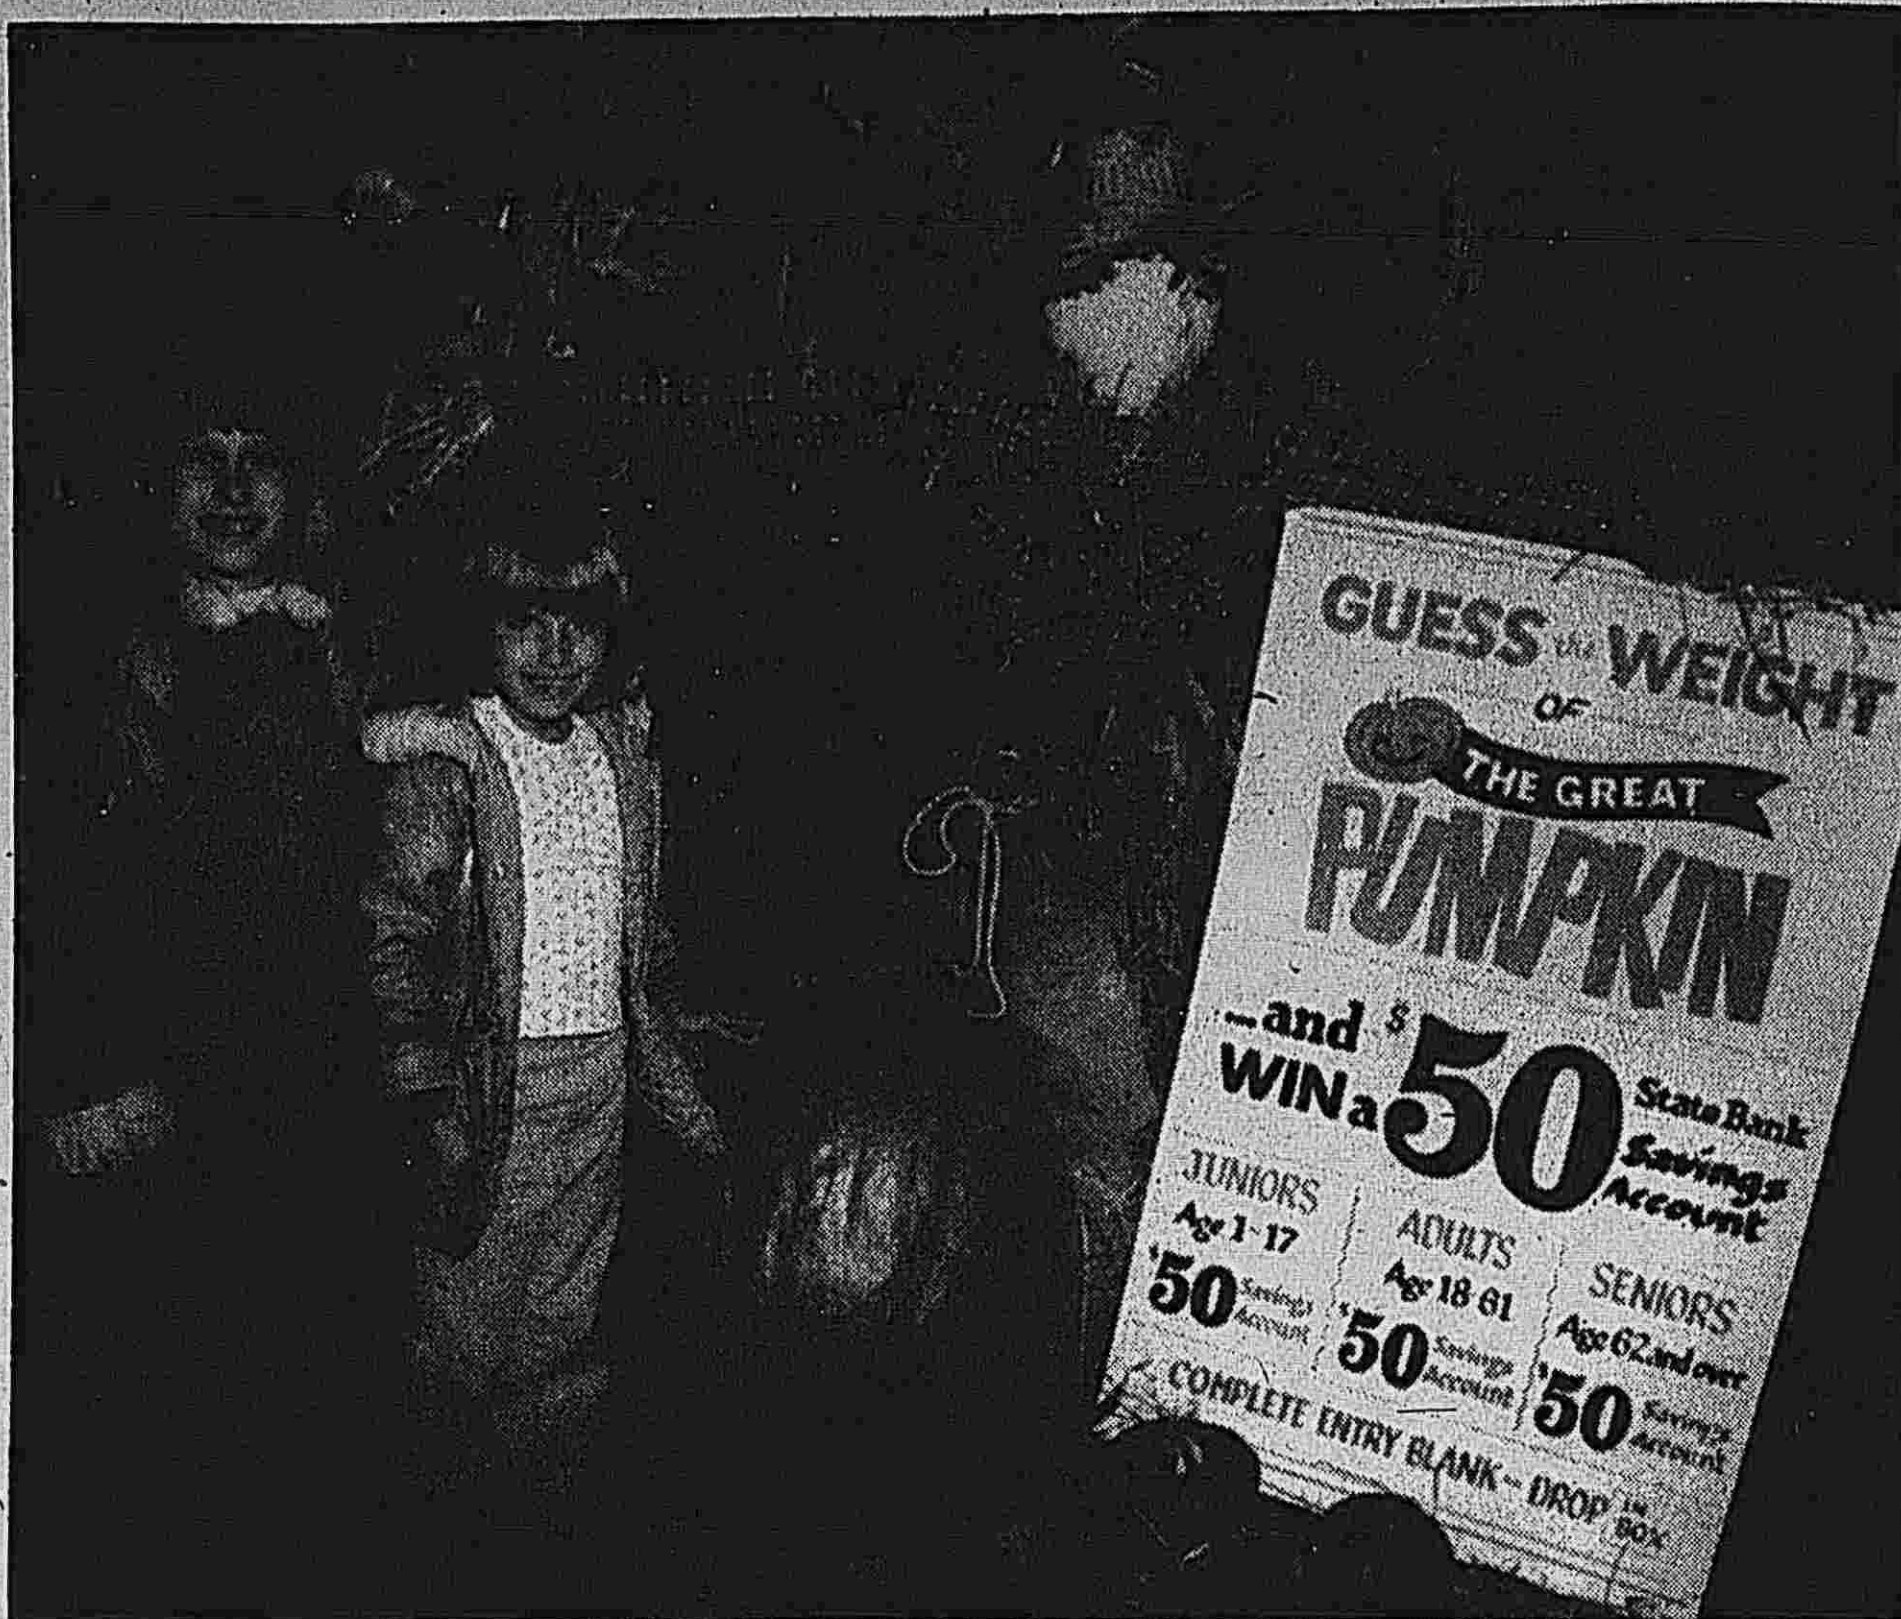

Specialist-4 Thomas Furlan is now plain citizen Thomas Furlan, and back home after spending 12 months in Viet Nam. Tom made a call at the Antioch post office to thank personnel there for the packages he received through Project Viet-Nam while he was overseas. The people at the post office are now raising funds to send a special Christmas package to each Antioch soldier in Viet Nam.

Coach Adrian Mueller's Antioch High School cross-country team won the conference championship at Crystal Lake last Friday. Grant was a close second. Chuck Denman was the leading runner for the Sequoits, finishing fourth. Bill Effinger was seventh and Bob Baiggi eighth. Other members of the championship team include Jim Mair, Mike Polley, John Mikosh and Tom Effinger.

High scorers at Antioch Lanes last week were Herb Holst with a 588 series, Bob Wilton with 611 and Don Richards with 617.

The girls submitted their entry blanks to guess the weight of the large Halloween pumpkin: A

\$50 savings account for guessing closest to the pumpkin's correct weight will be awarded in each of three age categories, juniors (age 1 through 17), adults (age 18 through 61) and seniors (age 62 and over). Entries may be submitted through Monday, Oct. 31, with entry blanks available in the State Bank lobby.

## Allendale to celebrate 80th year

The 80th anniversary of the Allendale Association will be celebrated at its annual meeting Friday on the Allendale campus in Lake Villa.

The activities will begin at 5:30 p.m. with a tour of the

At 6 p.m. those in attendance will be served a buffet dinner in the Myers Gymnasium. This will be followed by the annual meeting, presided over by Walter L. Cherry, president of the Allendale Association.

A film entitled "My How They Grow," a pictorial story of Allendale's recreation program, will be shown in the Marian Farwell Chapel.

The evening will be closed to the music of the Silent Majority and the annual Halloween Dance.

Guests will be the many supporters of Allendale, administrators of similar agencies, and local and state public officials.

## Free Church offers movie Sunday night

A film titled "The Power of Prayer" will be shown at 7 p.m. Sunday at the Antioch Evangelical Free Church on Tiffany Rd.

The opening moments of the film are spent in Israel, examining thousands of years of Jewish history and how they pertain to prayer.

"The Power of Prayer" features some of the most well-respected, Christian spokesmen in America, according to Pastor Bernard Fosmark.

"These men and women will be sharing what the Bible says as to the how and why of prayer. They'll also share their own personal experiences of the times of victory, frustration and confusion," he added.

## All about town ...

By LINDA WALKER

It won't be long now. The final phase of construction is underway at Tuffie's restaurant on the corner of Routes 83 and 173. Lou Bacoyanis, one of the owners, is hoping for an opening in the next week or two.

The family restaurant has a perfect setting in English Tudor decor. A large menu will include breakfast, lunches and dinners with a special section featuring fountain service and unique pies.

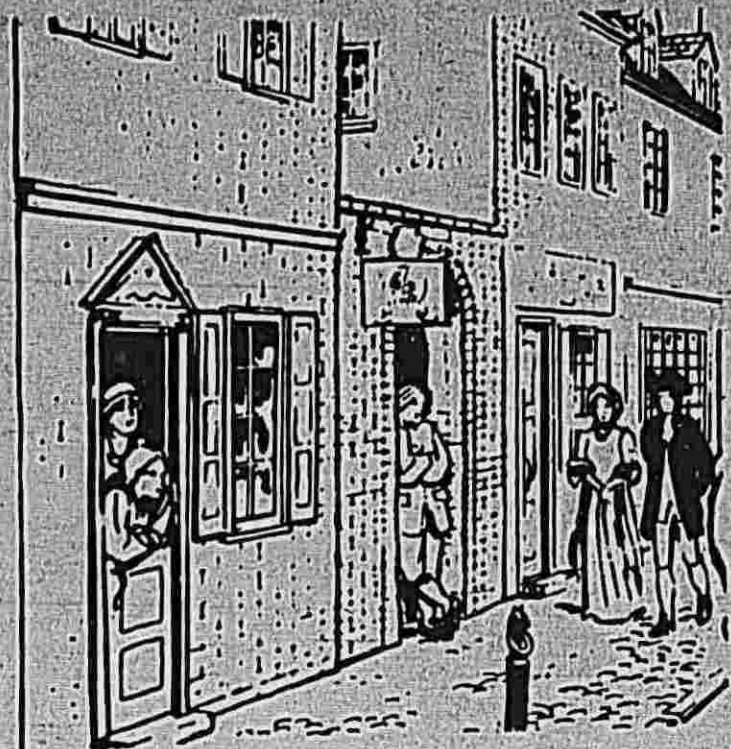

Mr. Bacoyanis said they are also planning to serve a variety of pancakes and waffles.

It sure sounds delicious, I can hardly wait.

BARR FUNERAL HOME is now sponsoring the Antioch News' Community Calendar, appearing each week on page 2.

Bill Barr and Paul Maginot would like to remind organizations to please call the Antioch News with all information concerning upcoming events.

Try to take advantage of this community service.

The more groups that participate the better the service. It's also a great way to avoid scheduling two community events on the same day.

Thanks to Barr Funeral Home for helping to make this service a huge success.

A \$50 SAVINGS ACCOUNT will be awarded to the three lucky winners who come closest to judging the weight of the "Great Pumpkin" in the contest underway at the State Bank of Antioch. There are three age groups, juniors, adults and seniors.

Better enter now... the contest ends Oct. 31.

ANTIOCH CARPET'S grand opening is continuing thru Nov. 19. Dick and Mary Ford are planning free clinics (such as hanging wallpaper and installing carpet) and are offering special prices for very special people - their customers.

Their new store under the water tower in Hickory Commons shopping center, allows them a large showroom, and it's a treat to browse around all the carpet displays.

The new store looks great, and we wish the Fords success in their new location.

CANDLELIGHT GALLERIES, also in Hickory Commons, is featuring a big sale, too. All fixtures in stock have been reduced. Now's the time to buy a new lamp before the holiday festivities begin.

THANKS to those of you who asked where my column was last week. It's nice to know "All About Town" was missed.

## Northwestern Mutual has lowered the cost of life insurance ... again!

Here's the good news. The Quiet Company has increased the dividends paid to its policyowners in 1977. This is the 18th dividend scale increase in the past 25 years - a record matched by no other major life insurance company. The dividend allocation of \$322 million is being paid to Northwestern Mutual's 1.2 million policyowners.

When dividend rates go up, life insurance costs go down. The way prices are going these days on most things, that's something to think about. I'd be happy to sit down with you and show you exactly what Northwestern's history of dividend paying can mean to you.

## Holiday Bazaar only 10 days away

By BETTY HOPE

Have you begun your Christmas shopping yet? If not, perhaps one of the places to start is the St. Peter's Women's Club's Holiday Bazaar and Bake Sale, Saturday and Sunday, Nov. 5-6, in Fr. Frawley Hall. The Saturday hours are 12 noon to 7 p.m., and the Sunday hours are 8 a.m. until 2 p.m. Proceeds will benefit St. Peter's School.

THE CHRISTMAS BOOTH will feature wreaths and centerpieces designed by Ann Kelly. There also will be a variety of hand-made ornaments to make this year's Christmas tree extra special.

Pearl Roach has been making collectors dolls for the children's booth. The lovely dolls are dressed in the elegant gowns of yesteryear, and will surely bring smiles to the lucky little girls who find them under their Christmas tree.

Small toys, as well as Christmas fashions for the little ones also will be featured in the children's booth.

THE FANCY GOODS booth will feature knitted and crocheted items, such as slippers, hats, gloves, mittens and afghans.

Placemats, napkins and runners for your holiday table will be available at the booth.

The plant booth will feature small plants, macrame hangers, and fossil pots.

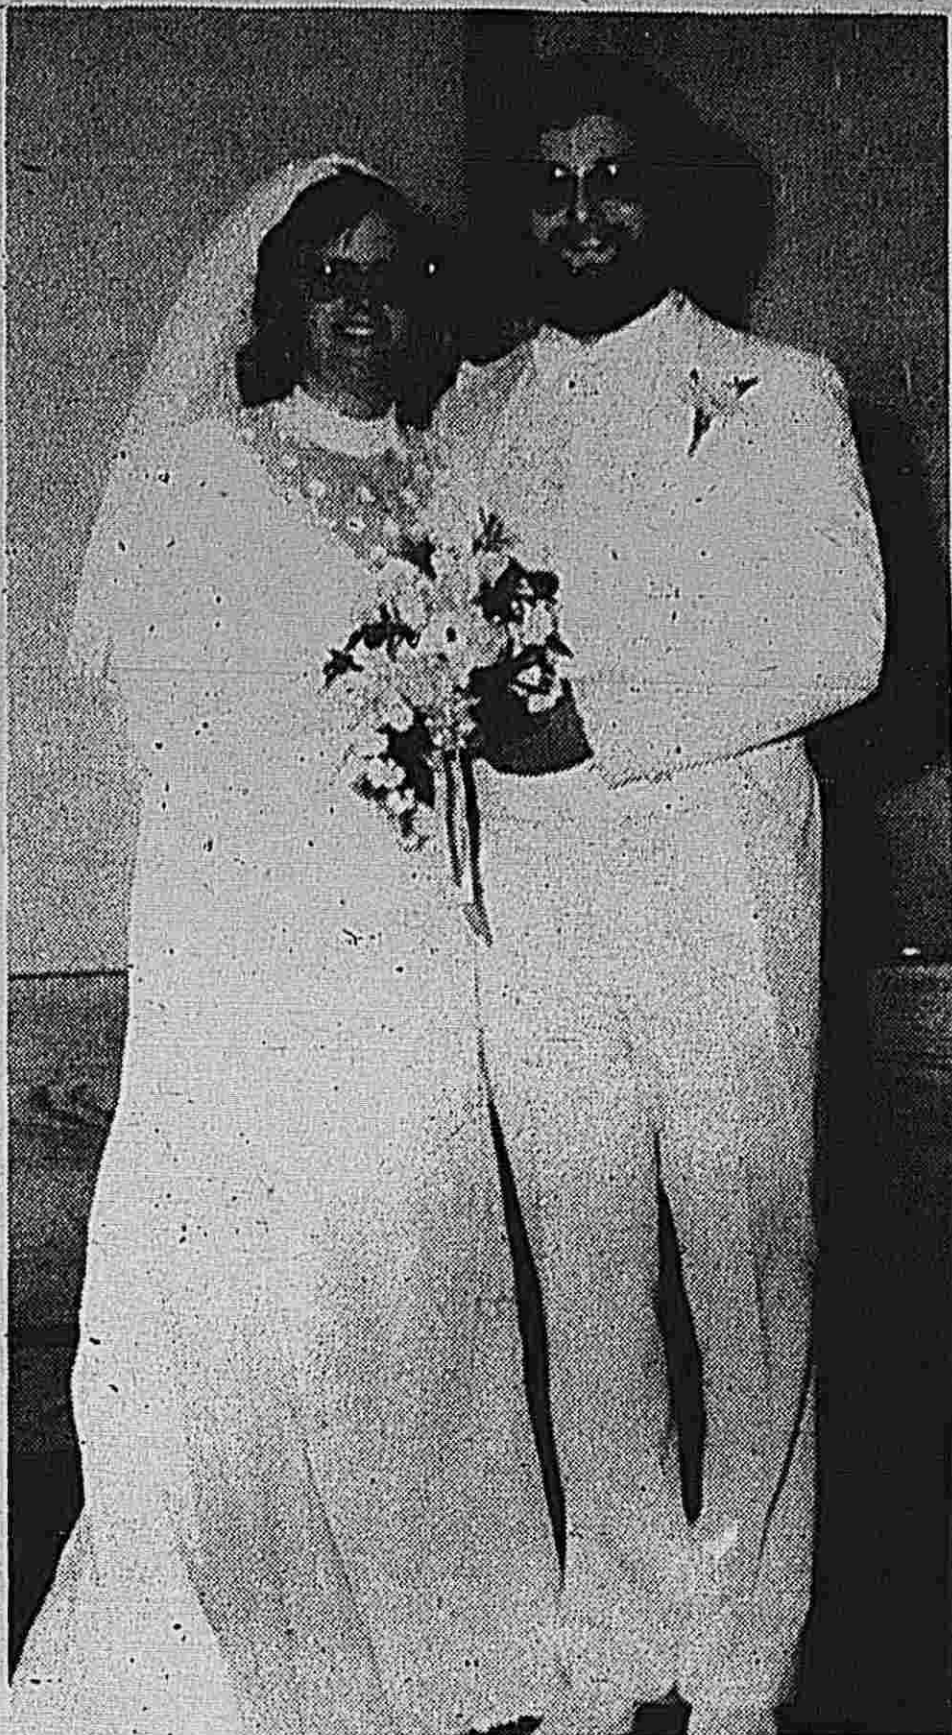

Fossil pots are handmade clay pots decorated with etched designs. No two are exactly alike, and they make an original and decorative gift for the plant enthusiast.

HELEN ZELEN is gathering a collection of items for the white elephant booth, both new and used. Included are jewelry, household items, glassware and serving pieces.

Someone else's white elephant may be just the special plate you're looking for. You might also find a necklace or earrings to match that new holiday outfit.

Margaret Belongia and Adeline Goodrich will be in charge of the bake sale and preserves booth. Along with

**TAURUS** [April 20-May 20] - A good week for making public appearances, dealing with other people. Although you may meet with some opposition from old associates, new acquaintances seem receptive to your suggestions.

**GEMINI** [May 21-June 21] - Avoid controversial issues with colleagues; concentrate on a good work relationships and keep personal matters removed. Guard health, plan for recreational time with those you're fond of.

**CANCER** [June 22-July 21] - Deal directly with ambitions; a good week to cultivate hidden talents. A good optimistic attitude can be a plus factor in enhancing personal enterprises.

**LEO** [July 22-August 21] - Puzzling problems may need to be dealt with early in week so progress can be made in other areas. Seek professional advice if necessary, an older individual sees things more clearly too.

**LIBRA** [September 23-October 22] - Use caution with money; postpone financial transactions for the time being. Concentrate on building a more secure future, consult with friends and superiors about personal aims.

**SCORPIO** [October 23-November 21] - Some self control may be necessary as excess energy tends to lead you in too many directions. Use your imagination, welcome the advice or others too.

## John Chapman's new heating system pulls energy out of thin air.

John Chapman of Woodridge is one of the homeowners in northern Illinois who recently installed a heat pump. How'd he like it? "It's just been great—one unit that both heats and cools. It really does the job," says John.

### How the heat pump works.

Most heating systems heat by burning fossil fuels, like natural gas or oil. The heat pump is different. It doesn't burn anything. It uses electricity to move heat from one place to the other—heat that already exists. Where? In the air around us. Even on cold, cloudy days, there's an abundance of heat in the air—solar heat energy that the heat pump captures and moves indoors.

In warm weather, the process automatically reverses for cooling. The heat pump captures excess indoor heat, and humidity and removes them to the outside.

### The Remarkable Electric Heat Pump.

#### Better efficiency.

Today the heat pump is the best alternative to heating systems which consume scarce fossil fuels. It taps an energy supply that's virtually limitless—heat energy from the sun contained in the air around us. And it is the most practical system to capture solar energy efficiently.

In northern Illinois the heat pump, based on average performance for a heating season, can deliver more than 1-1/2 units of heat energy for every unit it consumes. This means the heat pump not only saves energy, it can also generate long-term operating cost savings.

If you want additional heat pump information, call your local Commonwealth Edison office and talk to one of our marketing engineers.

To get the full advantages of the heat pump, it's important to get a quality product, properly installed and serviced. For the name of qualified installers in your area, call G.W. Berkheimer Co. (Westinghouse Distributors), 312-374-4411; General Electric Co., 312-496-6200; Lennox Industries, Inc., 312-593-2820; Temperature Equipment Corp. ### WORDS OF FREEDOM

Tyranny, like Hell, is not easily conquered; yet we have this consolation with us that the harder the conflict, the more glorious the triumph. What we obtain too cheap, we esteem too lightly. It would be strange indeed if so celestial an article as *freedom* should not be highly rated.

## Along the way with ANNIE MAE

ANTIOCH'S VILLAGE CLERK, Marilyn Sterbenz, is back from what she tells us was a fabulous vacation ... a week in London:

I've never been overseas, but that's always been the first place I plan to go when I cross an ocean.

Westminster Abbey ... the Tower of Big Ben ... the River Thames ... Marilyn says we certainly have the right vacation spot picked out. I can't wait till I write this column, DATELINE, LONDON...

ON SUNDAY, Oct. 16, a surprise golden anniversary party was held for Mr. and Mrs. Henry Rentner of 223 Bridgewood Drive, Antioch. The party, at the Lindenhurst Civic Center was hosted by Nancy and Ken Rentner of Antioch, and Adella and Walt Balsam of Cerritos, Calif., with 200 guests attending the buffet dinner and dancing.

A lovely anniversary cake was made by the Rentner's neighbor, Tenza Jandula.

Friends and relatives attended from Waukesha, Hartland and Kenosha, Wis.; Chicago, Oak Lawn, Westchester, DesPlaines and Arlington Heights.

Also, their daughter and son-in-law, Mr. and Mrs. Walter Balsam and granddaughter, Linda Deming (with great grandson Robbie) attended from California.

The Rentners, besides their son and daughter, have eight grandchildren and three great grandchildren. They have lived in Antioch for 50 years.

THIS IS VERY IMPORTANT, folks. We want to officially announce that Tim Wells has contributed a lot of hard work and expertise in the construction of Bicentennial sawmill on Sequoit Creek.

It seems Tim just hasn't been given enough credit in previous, faulty and erroneous newspaper reports.

Walt Shepard, superintendent of public works, and Dick Stroner, building commissioner, gave us a lot of other backs to pat, too.

They belong to Jim Carlson, Bill Morris, Joe Huber, Frank Angelotti, Dick Miller, Scotty Lowe, Vern Thelen, Brad Smith, Chuck Smith, Cliff Houghton, Bill Seemann, Dick Stroner, Mike Lindstrom and Bob Mathews.

Now, if we left anyone out ... just call me at 395-5755 and we'll applaud your efforts next week.

HEAR TELL Elfrieda Mau is in St. Francis hospital in Blue Island recovering from surgery. Why not send her a get well card? ... she's in room 317.

More unhappy news ... Frank ReCupido is in Victory

Memorial Hospital in Waukegan. Hope you're up and around soon, Frank ... even us Republicans miss you.

NOW FOR THE GOOD NEWS ... it's Norma Lowe's birthday today, Oct. 26. She and her husband, Scotty, celebrated their wedding anniversary Monday, the 24th.

We forgot to mention last week that cute little Megann Haley had two candles on her birthday cake last Thursday, Oct. 21. Megann loves the mayor!

## Young bowlers in tournament here Nov. 13

The first tournament of the season for youth bowlers will be held on Sunday, Nov. 13, at 12:30 p.m. at Antioch Bowling Lanes.

Bowlers should sign in by 12 noon.

The team handicap tournament is open to all boys and girls who are members of a 1977-1978 organized youth league.

Bowlers can bowl only once in the tournament and must bowl in the establishment of his or her league. All bowlers will bowl three games, league style.

TOP SCORES IN EACH division will advance to the affiliate level which will be held on or before Dec. 17. Winners at the affiliate level will be invited to participate in the team Tournament of Champions at Park Lanes (near Rockford) on Jan. 14.

Winners in each division at this level will be declared state champions.

Last year Antioch Bowling Lanes sent three teams to the finals. Hahn Jewelers placed 4th and Cunningham Cartage 6th.

"Parents, relatives, friends and sponsors are encouraged to come and watch the bowlers on Sunday, Nov. 13," said Lois Hartman, coordinator of the event.

## New lanes ready, 2 schedule changes

The eight new lanes are in full operation at Antioch Bowling Lanes.

As a result, there will be a change in time for the youth bowlers on the 2:30 p.m. squad.

Starting on Saturday, Nov. 5, the Junior 2:30 league will bowl at 9 a.m. on lanes 21 to 26. The Bantam Prep 2:30 league will bowl at 12 noon on lanes 21 to 28.

"Bowlers, please note the time change and pass the word around to your team members," said Lois Hartman, coordinator of the leagues.

THERE IS A NEED for coaches and scorekeepers for the noon squad.

"There are 140 youth bowlers at 12 noon, so we need three more scorekeepers and two or more coaches. Anyone interested in helping out, please call Antioch Bowl or stop in on Saturday and talk to me," said Lois.

Several bowlers have earned awards from the Illinois BPA in the last few weeks...Ann Ivy for her 151 game, Sandy Hartman 463 series, Sarah Heiselmann 157, and 16 year old Andy Drazewski for his 626 series which included a 235 game.

Bowlers receiving 100 certificates were: Tom Hebert 118, Julianne Coyle 101, Mike Merrill 120, Richard Magee 101, Ricky Marre 114, Troy Miller 105 and Robert Whitney 107.

LeVoe, Linda Hoffeditz, Val Mittel, co-captain, and Jenny Behne. Back row: Debbie Mondrowski, Kathy Sterbenz and Coach Ron Halpern.

## Reduce maintenance

Aluminum thermalized replacement windows are specifically designed for maximum energy efficiency with minimum danger of condensation.

But they also provide another type of economy which is often overlooked. Because they're aluminum, their baked enamel finishes can be warranted not to chip, crack, blister or peel. Which means they're practically maintenance-free.

Considering the investment payback for new thermalized windows, you must take into account heating and cooling energy savings and add to this the very significant savings in maintenance.

If an average size brick home has only old wooden windows which need painting, the cost could easily be \$750 or more. Dividing this by the house's 12 windows, the cost to paint a single window can be around \$60.

And if the windows need painting now, they will need

painting again in at least seven years, and again in the next seven years. So, in 15 years, the cost of repainting alone can add up to \$180 for each window, which is more than an average sized new thermalized window would cost.

# Sequoits: 2 more games, 2 more wins?

Antioch High's football team is entering the homestretch and, hopefully, will romp through it in a blaze of glory.

The Sequoits have a good chance to win their last two games, both at home ... this Saturday at 2 p.m. against Jacobs' Golden Eagles and Nov. 5 against Grayslake.

The Sequoits will charge into the Jacobs game with a 2-5 record. The schedule has been tough, especially last weekend when Antioch lost 34-2 at Woodstock. Woodstock, folks, is rated as a state powerhouse.

AT LEAST, THE SEQUOITS will be on even terms with Jacobs, which also has a 2-5 record.

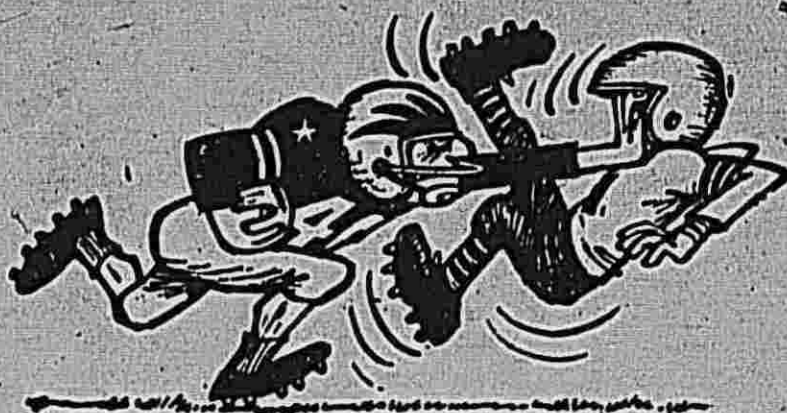

The game should be interesting, because both Antioch and Jacobs have shown the ability to move the football.

Last Saturday, Jacobs rolled up 324 yards rushing, 150 yards passing and 22 first downs as the Golden Eagles routed Round Lake 37-0 in a Northwest Suburban Conference inter-divisional game.

ANTIOCH DIDN'T GO to Woodstock to lose. The Sequoits proved that when they seized a 2-0 lead and battled those fearsome, undefeated Blue Streaks to the point where Antioch trailed by only 11-2 at halftime.

Antioch started the scoring early in the first quarter as senior Mike Harr tackled Woodstock quarterback Steve Patten in the end zone as Patten was attempting to pass.

After the ensuing kickoff the two teams exchanged

punts before Woodstock drove down to the Antioch 7-yard line. With first and 10 from that point, Woodstock fumbled and senior lineman Tom Huebner recovered to take Woodstock's first scoring threat away.

On Woodstock's next possession, John Vosburgh kicked a field goal of 26 yards to put Woodstock ahead 3-2.

Before the first half ended Woodstock scored from the Antioch 4-yard line as all-state candidate Dave Mohapp took the ball over for the touchdown.

Mohapp also added the extra points and at the half the score was Woodstock 11, Antioch 2.

WOODSTOCK COMPLETELY dominated the second half, although Antioch recovered three of Woodstock's

fumbles but wasn't able to convert the turnovers into points.

The fumbles were recovered by junior Scott Gallagher, junior Greg Bodin and junior Chris Oddsen.

Woodstock scored three touchdowns in the second half, one by a 55-yard run by Mohapp, the second on a 35-yard pass from Steve Patten to Steve Barnes, and the final score on a pass to Matt Vohs from Patten.

MOHAPP CARRIED the ball 21 times against the Sequoits and romped for 222 yards, an average of 10.6 yards a carry.

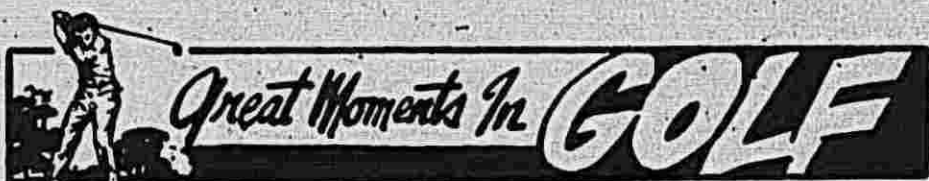

"Mohapp is big, strong and fast," said Antioch coaches. "He's probably one of the best ball-carriers we've seen in recent years."

He is the talented type of runner who is expected to have a good future in college and perhaps pro football. He's 6-foot-1 and a strong 195 pounds.

Antioch couldn't gain much on the ground and Kenn Rosenbrock led that department with 21 yards in six carries. Tom Huebner had a 12 yard gain and finished with 17 yards in three chances.

Rob Nauman, the Sequoits' junior quarterback, contributed 83 yards with five pass completions, including a 33 yard toss to Rosenbrock. Tim Huebner and Scott Schroeder also caught Nauman passes.

Tom Huebner returned two kickoffs for 69 yards.

Back in the 1935 Masters Tournament, Gene Sarazen wrote his name in the sports history books when he cracked a four wood shot straight at the flag on Augusta's 15th hole and watched the shot drop for a double-eagle. The shot sent the tournament into a playoff which Sarazen won.

During the 1950s and early 1960s, the United States saw the game of golf blossom into an epidemic among leisure-time fanatics. Arnold Palmer was instrumental in the "disease" but it was none other than the President of the United States, Dwight D.

Eisenhower, who captured the imagination of the people with his need to relax and think while playing golf. Ike had a favorite pair of shoes and a five star putter but one of his most cherished pieces of golfing equipment was a specially outfitted golf cart, complete with headlights.

These and many other pieces of memorabilia have played an important role in America's history, especially its golfing history. "Wouldn't it be nice," you say, "if all this memorabilia were rounded up and put somewhere so everybody could see it?" No more need be said.

The wish is now a reality at the \$2.5 million World Golf Hall of Fame in Pinehurst, N.C. where it will open in September during North Carolina's "Grand Week of Golf" and the \$300,000 World Open Golf Championship, the professional tour's richest event.

The culmination of a vision of William H. Maurer, President of Diamondhead Corp., the Golf Hall of Fame traces the history of one of the world's most ardent pastimes.

Included in the exhibits at the World Golf Hall of Fame will be such unique items as an unstruck feather ball made by Allan Robertson in 1835, a "rut" iron used in the 1700s, a wicker arrow basket used in lieu of a golf bag in the late 1800s, and a club maker's bench used in Pinehurst in the early 1900s.

The most recent addition to the Hall is the club collection of Laurence Auchterlonie, the Honorary Professional to the Royal and Ancient Golf Club at St. Andrews, Scotland, the home of golf. Included in this group of artifacts are six clubs made by six generations of the famous McEwan family and six clubs made by the only six club-makers in the world in 1850 - Jackson, Dunn, Davidson, Philip, Patrick and McEwan.

Perhaps the oldest pieces of memorabilia in the Hall of Fame will be a play club and putter made by H. Milne in 1690.

The unusual and unique will also be featured. For example, on display will be a club with a hole in the head a little smaller than the size of a golf ball for cutting down on resistance in water hazards. And then there's the rake-head club for getting out of sandtraps. These clubs are obviously illegal today, but that will not diminish their magnetism as curiosity items.

Twelve of the greatest players of the game of golf also will be inducted into the World Golf Hall of Fame in September and their identities will become known after votes are cast by members of the Golf Writers Association of America.

More information regarding the World Golf Hall of Fame may be obtained by writing the World Golf Hall of Fame, Pinehurst, N.C. 28374.

## Sophs face unbeaten foe

Antioch's sophomore Sequoits traveled to Woodstock Friday evening to play against the undefeated Blue Streaks.

After four quarters of hard-hitting football, the Sequoits found themselves on the short end, 23-6. The loss left the Antioch team with a 5-2 overall season record and 4-0 in the conference's North Division.

This Saturday, the Jacobs Golden Eagles travel to Antioch for an interdivision matchup with the Sequoits. Jacobs is undefeated with a record of 6-0-1, and is tied for first in the South Division with Woodstock.

Jacobs and Woodstock played to a 6-6 tie earlier this year. Kick off for the sophomore game is 12 noon.

ON THE FIRST offensive series, Antioch took the ball on its 18 yard line and drove to the Woodstock 5. The big play in the drive was a 57 yard run by Denis Flaschner. On fourth down the Sequoits attempted a 22 yard field goal which was blocked.

Strong defensive play by the Sequoits forced the Blue Streaks to punt. Tim Webb gathered in the punt on the Antioch 20 and scampered 27 yards before being hauled down.

Again, the Sequoits moved the ball with two Jim Sertic to Dan Behne passes accounting for 21 yards. Greg Bies then caught a Sertic pass for an apparent 43 yard touchdown, but an ineligible receiver downfield nullified the score.

As the first quarter ended, Greg Stevens intercepted a Woodstock pass deep in Antioch territory. Woodstock had gained excellent field position following an Antioch fumble.

THE SEQUOITS WERE UNABLE to move for first down yardage and had to punt, but the Blue Streak rush partially blocked the kick and gave Woodstock possession on the Antioch 21. Six plays later the Blue Streaks scored on a one yard run and added a PAT run.

Then, the Sequoits began a 14-play, 64 yard scoring drive. Mitch Case and Flaschner running, along with pass

receptions by Tom Tudor and Behne, accounted for the offensive thrust. Flaschner's score came with 47 seconds remaining in the first half and pulled the Sequoits to within two points of the Blue Streaks.

THE SECOND HALF began with the Blue Streaks moving 60 yards in 10 plays and running in the PAT to extend their lead to 15-6.

On the following series the Sequoits were again frustrated when a Sertic to Tudor 65-yard touchdown pass was called back because of a Sequoit miscue.

The Blue Streaks added an insurance score late in the third quarter, to end scoring in the game.

## Appliance economics

According to the National Home Improvement Council, homeowners about to invest in appliances for their newly-remodeled kitchens are well-advised to consider investing in energy-saving models.

For example, selecting a new refrigerator will most likely be a surprising experience for the average homeowner. He'll find some amazing innovations, particularly power-saving features and improved insulation.

One energy-saving model uses about a third less electricity than other models not equipped with its special thermostatically-controlled motor. While it is true that the amount of electricity consumed by the refrigerator each operating hour is a modest amount, it is also true that it is operated twenty-four hours around the clock, 365 days a year.

Even though frost-free refrigerators do use more kilowatts of energy annually than non-frost-free models, they avoid the extra energy drain resulting from frost accumulation.

Today's power-saving refrigerators also preserve food longer during power failures, which become alarmingly more common each year.

# VIKING SCOREBOARD

## Heavyweights

The Antioch Viking Heavyweights were victorious 13-0 over McHenry Sunday afternoon.

A Dean Berkiel pass to Tano Martino in the first quarter netted the Vikings their first touchdown.

A second touchdown, in the second quarter, was scored by Martino, who also ran in the extra point, ending the half 13-0.

In the second half the Vikings had two touchdowns called back by penalties, the first by Berkiel and the second by Scott Poulter.

Offensively, McHenry was stopped by the Viking defense. Antioch's continuously hard hitting forced five McHenry fumble turnovers.

Outstanding on defense were Jon Olson, Ralph Buxton, Mike Kotlinski, Martino, Mike Wieners, Cliff Mosely, Tod Sybor, Bob Torkelson, Ray Bergman and Scott Snarski, coaches said.

## Lightweights

The Antioch Viking Lightweights extended their winning streak to six games by defeating McHenry 20-0.

After good gains by Andy Lehn and Bob Thain, Tom Haviland ran the ball in from the 20 for the first Viking touchdown. With Lehn holding the ball, and the help of a tenacious line, Matt Stevens kicked the ball through the uprights for the 2-point conversion.

The half ended with a 8-0 Viking lead.

Good defense by Matt Stevens, Brett Palmer, Russ Gilday, Chuck Payne, Lehn and Joe Emmerick held McHenry scoreless.

On a blocked punt, Emmerick picked up the loose

ball and ran 12 yards and Antioch's second T.D.

Lehn threw a 20-yard pass to Emmerick, who ran 45 yards for a final T.D.

## Featherweights

### Raiders vs. Warriors

The Antioch Raiders and the Antioch Warriors staged a battle that was highlighted by defensive performances from players on both sides. The Raiders won 6-0.

The Raiders scored on a 40-yard end run by Les Zitkus. The extra point effort was stopped short of the goal.

There were no further scoring threats the rest of the game as neither team could effectively penetrate the other's defense.

The Raiders' coaching staff credited Joel Bissing, John Dugenski, Gene Elrod, Steve Haase, Bill

Kaht, Kirk Vogt and Zitkus for their fine defensive play.

Warrior coach Tom Haviland said Tad DeRousse and Rich Lichter "did an exceptional job in stopping the raider offensive attack."

### Buccaneers

The Buccaneers game against Fox Lake wasn't played Sunday and will be rescheduled later.

## Emmons' volleyball teams earn 6 wins

The Emmons School girls volleyball teams concluded their season with respectable records.

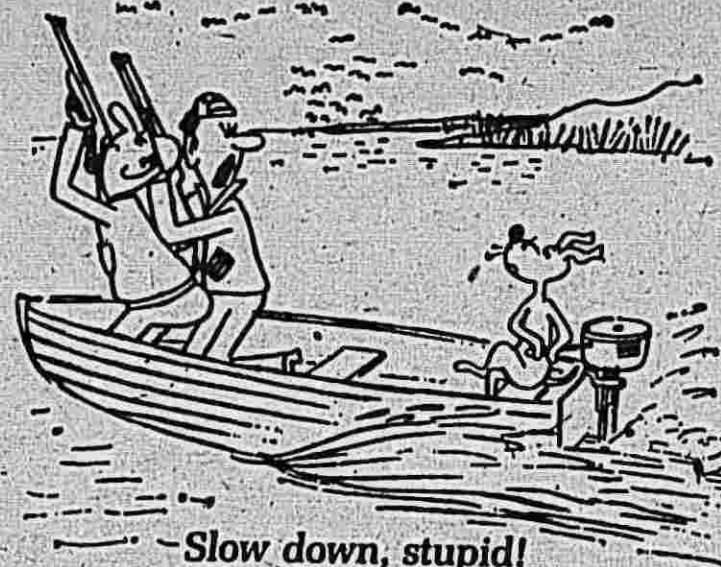

The "A" team, coached by Miss Kathy Urzedowski (having beaten Lotus and Millburn and losing to Grass Lake and Spring Grove) ended with 2 wins and 2 losses.

Members of the "A" team were Lisa Starr, Mary Lynn Hamlin, Leslie Gallagher, Sandy Gamber, Kathy Blanchette, Ann Bodin, Peggy Ducommun and Gail Plechaty.

An injury to Gail Plechaty early in the season hurt the Raiders' chances for more successful year, her coach said.

The "B" team, coached by Miss Cathy Barber, had a very successful year, 4 wins and no losses.

Members of the "B" team were Cheryl Whisler, Theresa Weber, Shelly Volling, Joanie Cilik, Joan Karczewski, Linda Coons, Veronica Bentancur, Lisa Davis and Carolyn Stanley.

## Field hockey team loses, then ties

The Antioch High School field hockey team played at Lake Forest last week and was defeated 4-1.

The defense was not consistently aggressive near the goal, Antioch coaches said.

The lone Antioch goal was scored in the second half by Chris Nielsen.

The following day the Antioch girls played Elgin Larkin in a home game which ended in a 0-0 tie.

The first half was dominated by the Antioch offense which had many opportunities near the Larkin goal.

Diane Walsh, Sandy Kesslen and Irene Nevitt turned in fine performances in a well-played game, coaches said.

The Antioch team has one more regular season game at Elgin Academy today.
